TESTIMONIAL

This is to certify that Shri Zawareh H Wadia, is rendering professional services to our Company as Consulting Structural Engineer since last more than 10 years.

During this period, he has provided structural design and drawings for foundations of chemical reactors, vessels and chemical storage tank farms, pipe bridges, foundations for kilns, cooling towers, and machineries of various chemical plants and buildings.

Some of the major works carried out as per the structural design provided by him are:

1. Overhead storage reservoir
2. Utility blocks
3. Plant filling station.
4. Raw material storage areas
5. Various plant buildings
6. Administration block extension
7. Structural Audit of all plants for Rehabilitation work
8. Tank Farm areas
9. Foundations for large storage tanks.
10. Structural rehabilitation of effluent treatment plant.

Shri Zawareh H Wadia also carried out structural audit work for various plant buildings and suggested repairs and rehabilitation necessary for long time sustenance of the buildings.

All the works were successfully carried out to the satisfaction of our Company.
